Hyderabad, Telangana, India - 502319

Professional Summary

Frontend Developer with **8 years of experience** building scalable, high-performance web and mobile applications. Proficient in **React.js, Redux, Redux-Saga, TypeScript, JavaScript**, with **3+ years of expertise in Angular**. Skilled in **React Native (2+ years)** for developing cross-platform mobile solutions that enhance customer experience. Adept at collaborating in **Agile/Scrum** environments, solving complex problems, and delivering secure, efficient applications that drive customer satisfaction.

Technical Skills

- **Frontend:** React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Bootstrap, Angular, React Native
- **State Management:** Redux, Redux-Saga, Redux Thunk, Context API
- **Architecture:** Micro Frontends (MFE), SSR, Code Splitting, Lazy Loading, Responsive Design
- **API & Backend:** REST APIs, GraphQL, Node.js, Express.js, PHP, MySQL, MariaDB
- **Testing:** Jest, Playwright, Enzyme, Jasmine
- **Build & DevOps:** Webpack, Vite, Rollup, Azure DevOps, CI/CD
- **Tools:** Git, Chrome DevTools, Redux DevTools
- **AI-Assisted Development:** Generative AI, Claude Code, Prompt Engineering, AI-assisted debugging, automated test generation

Professional Expertise

DBS Tech India – Hyderabad, Telangana

Application Developer | Frontend Engineer | Aug 2022 – Present

- Built a **multi-domain platform DBS Marketplace** (travel, car, home search & loan estimation) using React, Next.js, and TypeScript with **Micro-Frontend architecture**.
- Designed **GraphQL-based booking flows** for flights & hotels, enabling seamless search-to-payment experiences.
- Designed and Developed the **E-Document App** for DBS Credit Card users with secure login, encrypted data retrieval, and instant downloads.
- Integrated **Claude Code** for real-time bug detection and automated test-case generation, reducing production bugs by **15%**.
- **Led production releases** through a structured **Change Request process**, ensuring smooth and compliant deployments.
- Applied **Agile methodologies** and implemented **CI/CD** (Continuous Integration/Continuous Delivery) practices.
- Strengthened application security by addressing **Pentest waiver issues** and resolving **Sonar, OSS, and FOSS vulnerabilities**, improving overall security posture by **10%** across existing applications.

- **Boosted application efficiency by 30%** by transforming monolithic architecture into **developer-friendly Micro-Frontends (MFEs)**.
- **Optimized** React/Next.js application **performance** through **code splitting, lazy loading, and rendering optimization**, reducing page **load time** by ~5%.
- Developed and maintained **unit** and **end-to-end test suites** using **Jest** and **Playwright**, improving application reliability and regression **coverage**.

PrimEra Medical Technologies – Hyderabad, Telangana

Software Engineer | React / Angular Developer | Mar 2020 – Aug 2022

- Designed and developed **Prime Grand Rounds health feedback platform** using Angular, HTML, CSS, and Bootstrap.
- Built **cross-platform mobile apps** (iOS & Android) with React Native, JSX, and Redux.
- Developed modules for **rounding, issues, reports, dashboards, and administration**, improving patient care workflows.
- Created **responsive layouts** for Prime Grand Rounds using Angular & Bootstrap.
- Designed and implemented **Invoice Management Tool** and **Coach Rounds project** with React.js, Redux, and Redux-Saga.
- Applied **Jasmine, Jest, and Enzyme** for testing, ensuring robust and reliable applications.
- Collaborated in Agile teams, contributing to **daily SCRUMs** and using **Azure DevOps** for issue tracking.

SKRAY Softech Pvt Ltd – Hyderabad, Telangana

Front-End Developer | React.js | Aug 2018 – Feb 2020

- Developed **Aajubaaaju e-Classifieds platform** using React.js with modules for user, listing, and administration.
- Integrated **Google Maps API** for location-based services.
- Developed & maintained web applications for **Imperial Sugar & Dixie Crystals** using PHP, Drupal, and HTML/CSS.
- Built **responsive UIs** for web and mobile using HTML5, CSS3, and JavaScript.

Education

- **Bachelor of Technology (Computer Science)** – Rajiv Gandhi University of Knowledge Technologies, Basar (2015)
- **Pre-University Course (XII)** – Rajiv Gandhi University of Knowledge Technologies, Basar (2011)

Achievements & Interests

- Passionate about **emerging JavaScript frameworks** and **AI-driven development workflows**.
- **Extra Miler Award** recognized for exceeding role expectations by developing productivity tools that reduced team working hours and streamlined operations.
